Subject: Re: Region 1 - PFAS Community Engagement

Mr. Administrator -

The event was an excellent collaboration between the Headquarters and Regional teams. We were honored to pioneer the regional format, work out issues along the way, and deliver - with our state and community partners. You personally helped us at several key points, which we appreciate.

Thank you for taking time out of your weekend to acknowledge our work.

On behalf of all of us in Region 1, congratulations!

I want to thank all of you for all of the work you put into making our first PFAS community engagement a success. I know in addition to the hours on the ground, that it took many hours of preparation and follow-up after the event to make it successful. This is a very important issue for the agency, and more importantly for the American public. You have set a very high bar for the rest of the events. Thank you.
